

Date: October 30th, 2017

Subject: End of Life Announcement

Dear Customer,

This is to inform that 4D Systems will discontinue production of the listed products.

We will of course continue to support already placed orders and would like to give you the possibility to place your last time buy orders until the 31st of December 2017.

Last possible shipment will be done as long as rest stock is available or by the end of December 2018.

We are sorry for any inconvenience this may cause and hope that one of our other devices will fit into your application. Our sales team will be pleased to support you in evaluating the situation.

The attached table outlines the affected products, end of life milestones, and final quantities available if any.

We will continue to provide ongoing support for the aforementioned products as per our terms and conditions.

Customers will continue to have access to relevant App Notes and Software Tools through 4D Systems website. Please note that no further documentation or software will be produced for these products.

We are consistently dedicated to providing our customers with excellent products and services. If you have any questions, please contact your 4D Systems Account Manager.

Please feel free to contact us if you have any questions or concerns regarding this announcement.

Sincerely,

Marcel Kowsar

Products and Business Development Manager
