

INDOOR BLINKERSTOP[®]

Indoor BlinkerStop[®] Flashing LED signs are edge-lit signs engineered to capture attention and increase facility traffic safety compliance with highly visible red flashing LEDs.

- Proven effective to increase attention and enhance reaction times
- Programmed to flash 24 hours a day, 7 days a week
- AC power to work in any indoor setting
- Facilitate situational awareness for forklift, heavy equipment and pedestrian traffic
- Made in the USA
