Details of Product Termination

1. **Affected Part Numbers**

   Please refer to the appendix section of this document for the complete list of products.

2. **Reason for Termination**

   Dear HARTING Partner:

   We consider RFID and Auto-ID solutions to be key technologies within the asset management and IIoT application space. Although HARTING Americas will continue to support this technology transformation, we have made the decision moving forward to focus directly on our core connectivity solutions business. While we have not taken this decision lightly, we do not see an alternative. We are aware this decision may impact your existing projects and/or future designs. In acknowledgement of this, we would like to offer you the ability to continue to acquire the products necessary to support your multi-year needs per the last time buy schedule below.

   Please contact your Corporate Account Manager to discuss your exact requirements and delivery needs. We sincerely believe that together we will find a solution that is satisfactory for you.

3. **Last Time Delivery**

   Last Delivery will be fulfilled by October 15th, 2021.

In case of questions or concerns, please do not hesitate to contact our technical support.
