IEC Appliance Inlet C14 with Fuseholder 1- or 2-pole

Screw-on mounting with fuseholder 1- or 2-pole Sandwich/rear-side

Snap-in version with fuseholder 1- or 2-pole Sandwich/rear-side

Metal snaps Version, Detail view IEC connector C14 with fuse holder 1- or 2-pole Sandwich/rear-side

See below: **Approvals and Compliances**

Description

- Panel mount :
- Sandwich/rear-side
- 2 Functions :
- Appliance Inlet Protection class I, with or without Fuseholder for fuselinks 5 x 20 mm on the rear-side 1- or 2-pole
- Meets the requirements of IEC 60335-1 for appliances in unattended use. This includes the enhanced requirements of glow wire tests acc. to IEC 60695-2-11 or -12 &-13.
- For PCB mounting
- Pick and place version

- All single elements are already wired

- Fuseholder on the inside of the equipment prevents accidental use of incorrect fuse-links by the user
- Blister tray as optional packaging variant - Suitable for use in equipment according to IEC/UL 62368-1

- PCB mount with snap-in or screw-on feet

Suitable for automatic PCB assembling

Other versions on request

- Ground terminal with quick-connect terminal 6,3 x 0,8 mm
- Ground terminal with solder terminal
- For protection class II

Characteristics

pdf data sheet, html datasheet, General Product Information, Approvals, Distributor-Stock-Check, Accessories, Detailed request for product

Newly available variants corresponding to V-Lock mating cordset. The connector is equipped with a notch intended for use with the latching cordset. The cord latching system prevents against accidental removal of the cordset.

Technical Data

Protection against electric	Suitable for appliances with protection	Power Acceptance @ Ta >	Admissible power acceptance at higher
shock	class I acc. to IEC 61140	23°C	ambient temperature see derating cur-
Terminal	For PCB mounting		Ves
Panel Thickness S	Screw: max 6mm		
	Mounting screw torque max 0.3 Nm		
	Snap-in: 1.5/2/2.5/3 mm		
Material: Housing	Thermoplastic, black, UL 94V-0		

Approvals and Compliances

Detailed information on product approvals, code requirements, usage instructions and detailed test conditions can be looked up in Details about Approvals

SCHURTER products are designed for use in industrial environments. They have approvals from independent testing bodies according to national and international standards. Products with specific characteristics and requirements such as required in the automotive sector according to IATF 16949, medical technology according to ISO 13485 or in the aerospace industry can be offered exclusively with customer-specific, individual agreements by SCHURTER.

Approvals

The approval mark is used by the testing authorities to certify compliance with the safety requirements placed on electronic products. Approval Reference Type: GSF1

Approval Logo	Certificates	Certification Body	Description
10	VDE Approvals	VDE	Certificate Number: 40024857
	UL Approvals	UL	UR File Number: E93617, E96454
	CCC Approvals	CCC	CCC Certificate Number: 2020180204013041

Product standards
