

Global Change Notification (GCN)

Product Family	SC Adapters	10700559		
		GCN Number		
Series	Various	July 21, 2015		
		Date Issued		
Reason For Change	Change Construction Or Material			
Change Description	This letter is to inform you that Molex has recently received a declaration of Force Majeure from a plastic resin supplier for one of the plastic resins used for making dust caps for our connectors. A stabilizer additive used in this plastic resin is nearly obsolete globally. This declaration takes effect immediately. Molex has tested and qualified an alternate resin from the same resin manufacturer. Due to the urgency of the situation, and rather than limiting customer orders, Molex has chosen to keep continuity of supply and provide customers with parts manufactured in the alternate material. Molex molding processes are being closely monitored to ensure there are no changes or abnormal variation. Production control plans, inspection, and inprocess testing are being followed closely to ensure all requirements are being met. Internal validation test plans are developed and executed on key products to ensure compliance to specifications.			
Part Numbers Affected	Please refer to CustomerPartList.csv attached to e-r	mail message.		
Reason For Short Notice Exception	Force Majeure			
Assessment Of Change (How Product Will Be Qualified & Validated)	No change to fit, form or function			
Internal Molex Qualification Date (Planned Date Information Available)	July 10, 2015			
Sample Availability Date (Changed Part)	July 01, 2015			
Date of Implementation	July 26, 2015			
Method of Identifying Change	Parts made after implementation date			
Recommended Replacement Parts	Not applicable			
Last Time Buy Date for Obsolete Parts				
Last Time Ship Date for Obsolete Parts
