Allied Vision

NOTICE

**Malfunctions and short circuits by damaged cables and connectors**

Provide sufficient strain relief for all cable connections.

To be used with additional EMC protective housing

12319 JST I/O cables have no shielding and are designed to be used with bare board or open housing Alvium cameras. The customer is responsible for an EMC compliant design. For applications without an additional EMC protective housing, please use shielded JST I/O cables **with screw lock**.
