DREMEĽ

100-N/7 Single Speed Rotary Tool Kit

Model # 100-N/7

The Dremel 100 Series single-speed rotary tool offers the ultimate in convenience. Designed for full-speed applications, like routing, cutting, drilling and sanding. The 100 Series tool has powerful performance for shaping, hollowing, grooving, slotting, inlaying and making tapered holes in soft metals, plastics and woods – especially on curved surfaces. It's a simple rotary tool that gives you consistent operation levels of 35,000 RPM. An ideal rotary tool when one speed is all you need.

- Ideal when one speed is all you need
- Ideal for shaping, hollowing, grooving, slotting, inlaying and making tapered holes
- Great for use in soft metals, plastics and woods especially on curved surfaces
- Single speed control for full time 35,000 RPM operation
