

Qwiic Cable (10pcs, 50mm)

SKU: 101831

Description:

Made for those short connections, they're perfect for smaller projects where longer cables would just get in the way. These are 50mm long 4-conductor cables with 1mm JST terminations. They're designed for the Qwiic connect system and are compatible with Sparkfun's Qwiic modules and components. 10 pcs. are included.

All Qwiic cables follow this color scheme and pin arrangement:

Black = GND

Red = 3.3V

Blue = SDA

Yellow = SCL

Intrigued you say?

The Qwiic system is an ecosystem of I2C sensors, cables, actuators, and shields that quicken prototyping and decreases the errors that arise from incorrect connections. All devices in the Qwiic ecosystem are equipped with a common 1mm pitch, 4-pin JST connector.
