

Honeywell Announces Obsolescence and Last-Time Buy Opportunity for Certain MEMS Pressure Part Numbers

Honeywell is announcing an opportunity to place a last-time buy order in relation to certain MEMS Pressure part numbers. This announcement relates only to the part numbers specified below; it does not represent a full discontinuation of the product lines into which such part numbers are grouped.

We apologize for any delays in shipments and have been analyzing ways to improve productivity. This analysis has uncovered a large number of rarely, infrequently used parts that complicate our supply chain. Our plan is to simplify our offering and improve our cycle time through reducing those infrequent SKUs. This notification will allow you to purchase such SKUs one last time. For customers with any special requirements, we can look at alternatives in the portfolio to suit your application.

Due to a fixed amount of remaining capacity, fulfillment of last-time buy orders will be limited and subject to cancellation at any time. It is recommended that orders be placed promptly to improve the likelihood of fulfillment. Please refer to the Timeline of Events shown below for more details.

AFFECTED PART GENNUMBERS

This announcement serves as the formal communication that the SKUs listed below will no longer be available for sale in accordance with the Timeline of Events shown below.

WARRANTY/REMEDY

Subject to the following conditions, Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship during the applicable warranty period. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items that Honeywell, in its sole discretion, finds defective. **Notwithstanding the foregoing, in the event of a product end-of-life or obsolescence, or inability of Honeywell to manufacture or source materials or component parts for a product, for whatever reason, and/or any associated last-time buy in relation to a product (an "Obsolescence"), Honeywell shall engage in commercially reasonable efforts to repair or replace products in accordance with the terms of its standard warranty, but in no event shall it be liable if it is unable to do so due to the Obsolescence. The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**
