## MODEL NUMBER: P004-002-13RA

Computer power extension cord with right-angle C13 plug allows connection of a PC, printer or monitor in tight spaces or awkward angles.

## Features

**C14-to-C13 Power Cable Connects Computers, Printers, Servers and Other Equipment**This IEC-320-C14 to IEC-320-C13 cable is designed for small data center, office workstation and other lower-amp applications. This C14 male to C13 female cord can be used to power a computer, server or monitor; attach a server or drive to a UPS system or PDU; or extend an existing connection up to 2-ft. (0.61 m). The 2-ft. (0.61 m) length helps reduce cable clutter and minimize the risk of tripping.

**Right-Angle C13 Plug Makes Connecting in Tight Spaces Easier**The C13 to C14 right-angle cable is easier to install in confined spaces, such as the back of a rack enclosure cabinet. When plugged in, the right-angled C13 plug guides the computer power supply cable parallel to your peripheral, allowing you to push the device up against a wall or hide it behind a desk to maximize space.
