

Product Change Notification (PCN)

PCN Number	510771	Date Issued	September 22, 2021
Reason for Change	Change Supplier		
Change Type Description	This letter is to inform you that Molex is adding a new supplier or the supplier is making a change affecting the part(s) identified in this notice. There will be no negative impact to product performance as a result of this change.		
Reason for Short Notice	Special Request		
Assessment of Change	Test report/Specification Test Report		
Internal Molex Qualification Date	September 03, 2021		
Sample Availability Date (Changed Part)	September 03, 2021		
Planned Implementation Date	November 20, 2021		
Method of Identifying Change	Special marking on the	product or packag	ing
	After C		

Before Change

	Supplier's material	Raw Material	Main Objective Products
	Current	PBT UL94V-0	502578**00
	Alternative	PBT UL94V-0	502578**00
The severe winter storm that had widespread impacts across the United States. Nor			ss the United States Northern

Mexico, and parts of Canad afrom February 13 to 17, 2021 has caused a global shortage for various grades of resin. This extraordinary event, in conjunction with an already constrained market, has caused immediate and severe disruption in the industry.

Due to these supply constraints, Molex identified an internal shortage of resin supply with
would create a challenge to fulfill all orders. Therefore, we identified an alternative sourcing
for the product families listed above. After applying of this change, Molex products listed
above will be manufactured by one of them - the current supplier's material or the alternative
supplier's one by the resin material supply situation.

- We apologize for the inconvenience, but in view of the urgency of this matter, if there is no
 particular reply to the change notified by this PCN, it will be considered that the change have
 been approved and will be implemented with the above Planned implementation Date.
 Part number Impacted.
- See the attached impacted parts list. Customer part list may include different series of items other than above which may manufacture in other Molex entities.

After Change

- The alternative supplier operates under ISO9001 certified quality management system.
- Molex material scientists conducted comprehensive equivalency analysis comparing
 properties of resins between the original supplier and alternative supplier. This is being
 followed by Molex internal qualification testing which shall ensure that finished products meet
 relevant product specifications before delivery.
- May see a slight shade difference. See the pictures from before and after of this change. Also, there is no expected change regarding form, fit or function.

Identification: For the first 6 months of the production start by the alternative material, we will add "M" at the end of Traceability number (see the picture right) of the carton label to identify products made from alternative materials.
