

# CONTENTS IN DETAIL

## ACKNOWLEDGMENTS

xix

## 1 GETTING STARTED

|   |    |
|---|----|
| The Possibilities Are Endless . . . . . | 2  |
| Strength in Numbers . . . . .           | 6  |
| Parts and Accessories . . . . .         | 6  |
| Required Software . . . . .             | 7  |
| Mac OS X . . . . .                      | 7  |
| Windows XP and Later . . . . .          | 11 |
| Ubuntu Linux 9.04 and Later . . . . .   | 15 |
| Safety . . . . .                        | 18 |
| Looking Ahead . . . . .                 | 18 |

## 2 EXPLORING THE ARDUINO BOARD AND THE IDE

|   |    |
|---|----|
|   | 19 |
| The Arduino Board . . . . .                     | 19 |
| Taking a Look Around the IDE . . . . .          | 25 |
| The Command Area . . . . .                      | 25 |
| The Text Area . . . . .                         | 26 |
| The Message Window Area . . . . .               | 26 |
| Creating Your First Sketch in the IDE . . . . . | 27 |
| Comments . . . . .                              | 27 |
| The Setup Function . . . . .                    | 28 |
| Controlling the Hardware . . . . .              | 28 |
| The Loop Function . . . . .                     | 28 |
| Verifying Your Sketch . . . . .                 | 30 |
| Uploading and Running Your Sketch . . . . .     | 31 |
| Modifying Your Sketch . . . . .                 | 31 |
| Looking Ahead . . . . .                         | 31 |

## 3 FIRST STEPS

|  |    |
|--|----|
|  | 33 |
| Planning Your Projects . . . . .                   | 34 |
| About Electricity . . . . .                        | 34 |
| Current . . . . .                                  | 34 |
| Voltage . . . . .                                  | 35 |
| Power . . . . .                                    | 35 |
| Electronic Components . . . . .                    | 35 |
| The Resistor . . . . .                             | 35 |
| The Light-Emitting Diode . . . . .                 | 39 |
| The Solderless Breadboard . . . . .                | 41 |
| Project #1: Creating a Blinking LED Wave . . . . . | 43 |
| The Algorithm . . . . .                            | 43 |
| The Hardware . . . . .                             | 43 |

|  |           |
|--|-----------|
| The Sketch . . . . .   | 43        |
| The Schematic . . . . .                                      | 44        |
| Running the Sketch . . . . .                                 | 45        |
| Using Variables . . . . .                                    | 45        |
| <b>Project #2: Repeating with for Loops . . . . .</b>        | <b>46</b> |
| Varying LED Brightness with Pulse-Width Modulation . . . . . | 47        |
| <b>Project #3: Demonstrating PWM . . . . .</b>               | <b>49</b> |
| More Electric Components. . . . .                            | 49        |
| The Transistor . . . . .                                     | 50        |
| The Rectifier Diode . . . . .                                | 50        |
| The Relay . . . . .  | 51        |
| Higher-Voltage Circuits . . . . .                            | 52        |
| Looking Ahead . . . . .                                      | 53        |

## 4 BUILDING BLOCKS 55

|  |           |
|--|-----------|
| Using Schematic Diagrams . . . . .                                 | 56        |
| Identifying Components . . . . .                                   | 56        |
| Wires in Schematics . . . . .                                      | 58        |
| Dissecting a Schematic . . . . .                                   | 59        |
| The Capacitor . . . . .  | 60        |
| Measuring the Capacity of a Capacitor . . . . .                    | 60        |
| Reading Capacitor Values . . . . .                                 | 61        |
| Types of Capacitors. . . . .                                       | 61        |
| Digital Inputs . . . . .   | 63        |
| <b>Project #4: Demonstrating a Digital Input. . . . .</b>          | <b>65</b> |
| The Algorithm . . . . .  | 65        |
| The Hardware . . . . .   | 65        |
| The Schematic . . . . .  | 65        |
| The Sketch . . . . .   | 69        |
| Modifying Your Sketch. . . . .                                     | 70        |
| Understanding the Sketch. . . . .                                  | 70        |
| Creating Constants with #define . . . . .                          | 70        |
| Reading Digital Input Pins . . . . .                               | 70        |
| Making Decisions with if . . . . .                                 | 71        |
| Making More Decisions with if-then-else. . . . .                   | 71        |
| Boolean Variables . . . . .  | 72        |
| Comparison Operators . . . . .                                     | 72        |
| Making Two or More Comparisons . . . . .                           | 73        |
| <b>Project #5: Controlling Traffic . . . . .</b>                   | <b>74</b> |
| The Goal . . . . .   | 74        |
| The Algorithm . . . . .  | 74        |
| The Hardware . . . . .   | 75        |
| The Schematic . . . . .  | 75        |
| The Sketch . . . . .   | 76        |
| Running the Sketch . . . . .                                       | 79        |
| Analog vs. Digital Signals . . . . .                               | 79        |
| <b>Project #6: Creating a Single-Cell Battery Tester . . . . .</b> | <b>80</b> |
| The Goal . . . . .   | 81        |
| The Algorithm . . . . .  | 81        |
| The Hardware . . . . .   | 81        |

|  |           |
|--|-----------|
| The Schematic . . . . .  | 81        |
| The Sketch . . . . .   | 82        |
| Doing Arithmetic with an Arduino . . . . .                               | 83        |
| Float Variables . . . . .  | 84        |
| Comparison Operators for Calculations . . . . .                          | 84        |
| Improving Analog Measurement Precision with a Reference Voltage. . . . . | 84        |
| Using an External Reference Voltage . . . . .                            | 85        |
| Using the Internal Reference Voltage . . . . .                           | 86        |
| The Variable Resistor . . . . .  | 86        |
| Piezoelectric Buzzers . . . . .  | 87        |
| Piezo Schematic . . . . .  | 88        |
| <b>Project #7: Trying Out a Piezo Buzzer . . . . .</b>                   | <b>88</b> |
| <b>Project #8: Creating a Quick-Read Thermometer . . . . .</b>           | <b>90</b> |
| The Goal . . . . .   | 90        |
| The Hardware . . . . .   | 90        |
| The Schematic . . . . .  | 91        |
| The Sketch . . . . .   | 91        |
| Hacking the Sketch . . . . .   | 93        |
| Looking Ahead . . . . .  | 93        |

|   |            |
|---|------------|
