Product/Process Change

Product Termination

Internal Update

Description and Purpose of Change(s):

This product will have its maximum allowable height changed from 14.00mm to 14.81mm. The change is needed due to the heavy wire used in the part will sometimes lay on top of itself. This causes the coil to have a larger than typical height to it. Please see below for more clarification on the change.

Impact on Form, Fit, Function, Quality or Reliability:

There is no changes to this part electrically. The only change is to the allowable height of the part.
